

## Wine List

Please take a moment to look through our new wine list. We believe wine is a key element of the dining experience. We have handpicked wines from some of the best family-owned vineyards around the world for you to enjoy.

Wines marked with green logo are made with the principles of biodynamic or organic agriculture.

We also have a Coravin system that makes it possible to have wine available to try by the glass that usually are only available by the bottle.

Unlike other preservation system, which require the cork to be pulled and allow oxygen to enter the bottle, the Coravin system leaves the cork in place to continue protecting wine.

If you would like some guidance with your choice, we are always very pleased to offer advice and information about every wine on our list.

**" Accept what life offers you and try to drink from every cup. All wines should be tasted; some should only be sipped, but with others, drink the whole bottle."**

**Paulo Coelho, Brida**
