

Wine List

Please take a moment to look through our new wine list. We believe wine is a key element of the dining experience. We have handpicked wines from some of the best family-owned vineyards around the world for you to enjoy.

We also have a Coravin system that makes it possible to have wine available to try by the glass that usually are only available by the bottle.

Unlike other preservation system, which require the cork to be pulled and allow oxygen to enter the bottle, the Coravin system leaves the cork in place to continue protecting wine.

Wines marked with green logo are made with the principles of biodynamic or organic agriculture. 🌿

If you would like some guidance with your choice, we are always very pleased to offer advice and information about every wine on our list.

“Great wine requires a mad man to grow the vine, a wise man to watch over it, a lucid poet to make it, and a lover to drink it.”

premium wine by the glass - Coravin

The Coravin Wine Preservation System is designed to pour wine without removing the cork, so wine always tastes like it has just been opened—even years later.
